HACU MISSION AND HISTORY

HACU'S MISSION

CHAMPIONS OF HISPANIC SUCCESS IN HIGHER EDUCATION

- ✓ To promote the development of member colleges and universities;
- ✓ To improve access to and the quality of post-secondary educational opportunities for Hispanic students; and
- ✓ To meet the needs of business, industry and government through the development and sharing of resources, information and expertise.

HACU'S HISTORY

The Hispanic Association of Colleges and Universities (HACU) was established in 1986 with a founding membership of eighteen institutions. Because of HACU's exemplary leadership on behalf of the nation's youngest and fastest-growing population, the Association rapidly grew in numbers and national impact.

Today, HACU represents more than 450 colleges and universities committed to Hispanic higher education success in the U.S., Puerto Rico, Latin America and Europe. Although our member institutions in the U. S. represent less than 10% of all higher education institutions nationwide, together they are home to more than two-thirds of all Hispanic college students. HACU is the only national educational association that represents Hispanic-Serving Institutions (HSIs).

Our nation's economic and social success rests on the level of skills and knowledge attained by Hispanics, now the nation's largest minority population. Education, indisputably, is the key. HACU is committed to Hispanic success in education, from kindergarten through graduate school and into the work force of tomorrow.

With the help of HACU's Office of Government Relations in Washington, D.C., HACU maintains more than 30 formal Memoranda of Understanding (MOUs) and Partnership Agreements with federal agencies, offices, and business organizations. HACU also provides assistance and outreach to HSIs by hosting technical assistance workshops throughout the country on available federal program grants and other resources.

HACU's Western Regional Office in Sacramento, California, offers support for state level advocacy and program work in the western United States. Additional regional offices are being planned for the future.

HACU's Office of Capacity-Building Initiatives coordinates collaborative projects funded by federal agencies, corporations, and foundations in conjunction with HSIs. These programs fund faculty development, faculty and student research opportunities, and precollegiate math, science, engineering and technology programs. These programs have also included model college preparation and financial aid awareness programs for middle school students and parents, as well as HSI workforce development initiatives.

HACU's Office of Information Technology Initiatives (OITI) provides technological assistance to member and partner higher education institutions to enhance their capacity in information technology. OITI promotes, educates, assists and facilitates the use of information technology for teaching, learning, research and administration at member institutions through cutting-edge partnerships and initiatives.

Thousands of young Hispanics benefit from HACU with internships, scholarships, college retention and advancement programs, precollegiate support, and career development opportunities and programs. We truly are **the champions of Hispanic success in higher education.**

MEMBERSHIP IN HACU

Institutional Membership

Institutions of higher education may be eligible to join as members of HACU. To be considered for membership, institutions must complete an institutional membership application. This application is available on-line at www.hacu.net under the Members/New Member Application tab.

National Members

National members are non-profit, accredited colleges or universities of higher education or systems/districts located in the continental United States, the District of Columbia, and Puerto Rico. National member institutions fall into the following categories:

Hispanic-Serving Institutions (HSIs) – colleges, universities or systems/districts where total Hispanic enrollment constitutes a minimum of 25% at either the undergraduate *or* graduate level.

Associate Member Institutions – colleges, universities or systems/districts where total Hispanic enrollment constitutes at least 10% of the total student enrollment or a minimum of 1,000 Hispanic students are enrolled at either the undergraduate *or* graduate level.

Partner Institutions – colleges, universities or systems/districts that do not have the numbers or percentages of Hispanic students to be HSI or Associate members, but are committed to Hispanic student success.

International Members

International members are institutions of higher education abroad authorized to operate in their country according to the rules and regulations required by their government.

Faculty and Staff Caucus Members

Faculty and Staff Caucus membership is for individual faculty and staff at HACU-member and non-member institutions. The Caucus is an important asset to HACU's mission to promote Hispanic success in higher education. Individuals interested in Hispanic issues in higher education, professional development, and research proposal development are encouraged to join.

To be considered for individual Caucus membership, complete the Faculty and Staff Caucus membership application which is available on-line at www.hacu.net under the Members/New Member Application tab. Upon approval of the membership application, an invoice will be e-mailed to the applicant.

Hispanic-Serving School Districts (HSSDs)

HSSDs are school districts whose total district enrollment is at least 25% Hispanic. For an HSSD application which is available on-line at www.hacu.net under the Members/New Member Application or you may also contact Jeanette Morales, Member and Affiliate Program Manager at jmorales@hacu.net or by phone at (210) 576-3220.

In California

At the end of 2007, HACU had 94 Members in California: 58 Hispanic Serving Institutions, 27 Associate Members, 2 Partner Institution, 5 Hispanic Serving School District and 2 Associate System/Districts.

CALIFORNIA HISPANIC SERVING SCHOOL DISTRICTS (HSSDs)

This past year, HACU launched a new initiative, the Hispanic-Serving School Districts (HSSD) program, to address the pipeline issues of Hispanic education by bringing together K-12 educators and higher education officials. We know that school districts with a significant Hispanic student population face similar challenges of growth, accountability and limited resources as Hispanic Serving Institutions of higher learning. With the upcoming reauthorization of the No Child Left Behind legislation and the increasing disparities for Hispanics in post-secondary education, superintendents and college presidents will need to unite in order to have a greater impact in shaping a national agenda for Hispanic student success in education.

Hispanic Serving School Districts are defined as having a student population which is greater than 25%. Listed below are the HSSDs in the State of California. The Garden Grove Unified School District has the great distinction of being California's first HACU Hispanic Serving School District member. There are now five HSSDs in HACU's membership. The member HSSDs are bolded on this list.
