## Financial Proficiency and Entrepreneurship: Student Workbook

This workbook belongs to:

Created by the Hispanic Association of Colleges and Universities (HACU). Support was given by the United Services Automobile Association (USAA). Material collaboration in this workbook was supplied by Cash Course.

## Acknowledgements

We want to acknowledge USAA for their support in this project, Cash Course for allowing collaboration in material use and the schools listed below for joining us in this endeavor to encourage and provide financial proficiency skills for the Hispanic student body and community in San Antonio:

Our Lady of the Lake University,
Palo Alto College,

San Antonio College,
St. Philips College,
University of Texas at San Antonio.
We want to thank the teachers, staff, administrators, community members, mentors, speakers, and families for supporting and engaging students in their financial literacy and entrepreneurship.

We want to express our gratitude to the students for giving us their time and energy to participate in this program. We hope the information, connections, and aid will inspire students to continue to reach their goals and strengthen their financial proficiency.

## Protect

This section will help you learn about insurance and all the different types of insurance available. Instructions: Log in to Cashcourse.org and complete the Fraud Protection, Protect Yourself with Insurance, and Prepare for Emergencies coursework. Once you have finished, complete the Protect section in this workbook.

## Auto Insurance Worksheet

Use this auto insurance cheat sheet to identify the types of insurance you have available and any additional coverage you might want to investigate further.

| Types of Auto Insurance | What Does It Cover? | Is It Required <br> by Most <br> States? |
| :--- | :--- | :--- |
| Bodily Injury Liability | Injuries you cause to another person | Yes |
| Property Damage Liability | Damage you cause to another person's property | Yes |
| Personal Injury Protection (PIP) | Your own and your passengers' injuries as well <br> as lost wages and cost to fill in for the injured <br> party's essential functions, such as childcare | No |
| Collision Coverage | Damage to your vehicle from traffic accidents <br> and collisions with trees, stop signs, etc. | No* |
| Comprehensive Coverage | Damage to your vehicle from weather, natural <br> disasters, fire, vandalism, contact with animals <br> such as deer or birds; can cover things like hail <br> damage and cracked windshields | No* |
| Uninsured/Underinsured Motorist <br> Coverage | Hit-and-run incidents and accidents caused by <br> drivers with no insurance or not enough <br> insurance to cover your damages; can cover <br> you if you are hit as a pedestrian | Depends on |
| your state |  |  |

*Even if collision and comprehensive coverage are not required by your state, these coverages might be required by your auto loan lender. These coverages often are sold separately with a deductible. The higher your deductible, the lower your monthly premium. However, a high deductible also means you will pay more out of your own pocket before the coverage kicks in.

Locate your auto insurance statement and fill out this chart to get a quick reference of your coverage. Does anything stand out as needing further investigation? Make notes of any questions you have and contact your insurance provider.

| Type of Coverage | My Annual Cost | My Deductible | My Coverage Maximum |
| :--- | :--- | :--- | :--- |
| Bodily Injury |  |  |  |
| Property Damage |  |  |  |
| Medical Payments or <br> Personal Injury Protection <br> (PIP) |  |  |  |
| Collision |  |  |  |
| Comprehensive |  |  |  |
| Uninsured / Underinsured |  |  |  |
| Motorist |  |  |  |
| Rental Car (while primary <br> car is in the shop) |  |  |  |
| Other: |  |  |  |

## Insurance Plan Worksheet

## Size Up Your Situation

Think about your comfort level with the decisions you've made to this point related to insurance. Rate yourself on the following (put an ' $x$ ' in the appropriate column):

| How comfortable are you with your level of <br> insurance compared to ... | Very <br> comfortable | Comfortable <br> enough | Not comfortable |
| :--- | :--- | :--- | :--- |
| Your level of risk-taking (e.g., risky hobbies such as <br> rock climbing) |  |  |  |
| Your everyday risks (e.g., how often you drive - the <br> more you drive, the higher your risk of an accident) |  |  |  |
| Your home's maintenance and care needs (e.g., could <br> your home sustain damage from a severe storm or <br> flooding?) |  |  |  |
| The condition of your vehicle (e.g., could you get to <br> work if your car was totaled?) |  |  |  |
| Your health needs now |  |  |  |
| Your risky habits (e.g., do you smoke or drink <br> heavily?) |  |  |  |
| Your family's health needs now |  |  |  |
| Your health needs in the future (e.g., do you have any <br> conditions that might be harder to manage later in <br> life?) |  |  |  |
| Your family's health needs in the future (e.g., do you <br> anticipate having a baby? What about your parents' <br> care as they age?) |  |  |  |
| Your emergency savings available to cover <br> unexpected home repairs |  |  |  |
| Your risk of natural disaster, given common risk <br> factors where you live |  |  |  |
| Your available funds to cover unexpected medical <br> bills |  |  |  |
| Your cash reserves available to cover a job loss or <br> sudden inability to work |  |  |  |
| Your capacity to take time off work to care for others |  |  |  |

## Analyze Your Circumstances

You have big dreams and hopes for your future, but everything could be lost if you aren't protected from the occasional bad turn of events. Before you purchase or adjust insurance plans, jot down some notes about insurance questions you would like to follow up on with an agent or broker:
What questions do you have about your current insurance policies? Example: "I want to find out if my shed is covered by my current homeowners policy or if I need additional other structures coverage."

What types of insurance would you like to learn more about?

Does this amount feel comfortable? Could you afford to spend a bit more if it meant more peace of mind?

Add up your current insurance payments on all your policies. How much are you paying in monthly insurance premiums?

## Emergency Fund Worksheet

Many experts recommend having at least three months' worth of expenses saved in an emergency fund. To figure out the amount that should be saved in your emergency fund, fill out this worksheet.

| Expense | Amount | Multiply by three months | Total Amount |
| :---: | :---: | :---: | :---: |
| Grocery bill for 1 month | \$ | x 3 months | \$ |
| Utility bill for 1 month | \$ | x 3 months | \$ |
| Mortgage or rent for 1 month | \$ | x 3 months | \$ |
| Transportation costs for 1 month | \$ | x 3 months | \$ |
| Other: | \$ | x 3 months | \$ |
|  | \$ | x 3 months | \$ |
|  | \$ | x 3 months | \$ |
|  | \$ | x 3 months | \$ |
|  | \$ | x 3 months | \$ |
|  | \$ | x 3 months | \$ |
|  | \$ | x 3 months | \$ |
|  | \$ | x 3 months | \$ |
|  | \$ | x 3 months | \$ |
|  | \$ | x 3 months | \$ |
| Total amount I will need to keep in my emergency fund: |  |  | \$ |

## Spend

This section will help you learn about your spending habits and how to create a budget. Instructions: Log in to CashCourse.org and complete the Budgeting Basics coursework. Once you have finished, complete the Spend section in this workbook.

## Spending Perceptions Scale

Here are 18 statements pertaining to spending techniques. There are five responses to select from which indicate the degree of your likeness to each statement. Mark the corresponding number on the line next to the statement.

## 1. Totally like me

2. A lot like me
3. Equally like and unlike me

## 4. A little like me

## 5. Not at all like me

$\qquad$ Each time I receive any money, I usually put a small amount of cash aside as savings.
2. ___ Each time I receive any money, I usually deposit it into a checking or savings account.
3. ___ I keep track of all the money I receive from every source.
4. ___ I create a budget every month and stick to it.
5. ___ I make sure to pay myself first (PYF) out of every allowance and/or paycheck.
6. ___ I keep a spending diary so I can track where my money goes.
7. ___ I am not influenced by other people's purchases or spending habits.
8. ___ I rarely make more than two trips per week to the grocery or convenience store.
9. ___ I rarely eat fast food.
10. Comparison shopping for quality, value, price, etc. is something I do for practically every purchase,
large or small.
11. ___ I do not owe money to my family or friends at the moment.
12. ___ I have set at least one long-term savings goal.
13. ___ I don't get anxious when I shop because I know how much money I have to spend.
14. ___ I look for free activities to do with my friends.

15 ___ I keep all of my receipts in case I need to return something.
16. ___ I am saving money towards my college education/graduate school.
17. ___ I think it is fun to go to the thrift stores and garage sales.
18. ___ I think a homemade gift or card says more than a fancy gift.

Review the scoring key:
17-27: You are very perceptive. You could teach others how to manage their spending and saving habits.
28-42: Pretty good. If you concentrate on some of your weak areas, you'll soon be amazed at the difference.
43-58: Welcome to the crowd. Just an hour a week focused on improving your spending would equal an increase in savings-you could actually pay yourself first!
59-90: Need some improvement. You need to make some immediate changes to avoid financial disaster. Consider implementing a spending plan as soon as possible.

## Spending Detective Worksheet

Locate your most recent monthly bank and credit card statements or use a spending record that best reflects your regular monthly finances. Begin at the top of your bank statement (if you have more than one statement, repeat this process for all your accounts and combine them into one list).

1. One by one, look at every item that took money out of your account - every bill you paid, every check, purchase, debit, cash withdrawal, etc., and put it in one of the three columns below.
2. Don't overlook fees or other charges from your bank. Put these in the "Regular Bills" or "Needs" column.
3. If you know you got cash back on a purchase, consider the cash as a separate transaction. For example, if you got $\$ 40$ in cash on top of a $\$ 50$ grocery bill, you might list the $\$ 50$ groceries as a "Need," but the $\$ 40$ cash as a "Want."
4. Make calculations easier by rounding up or down to whole dollar amounts (for example, $\$ 45.36$ would be $\$ 45$; $\$ 11.75$ would be $\$ 12$ ).

| Item Description | Regular Bills <br> (Bills you pay on a <br> regular basis that are <br> about the same amount) | Needs <br> (Things you need <br> each month that <br> vary in price) | Wants <br> (Things you <br> buy that you <br> probably could <br> do without) |
| :--- | :--- | :--- | :--- |
| Example: Rent | $\$ 800$ |  |  |
| Example: Bank fee | $\$ 10$ | $\$ 0$ | $\$ 15$ |
| Example: Groceries |  |  |  |
| Example: Lunch out |  |  |  |

If completing this worksheet by hand, print out enough copies to record all of your expenses. If completing electronically, insert rows by right-clicking or opening "Table Properties."

## Job Offer Decision Worksheet

Look at the categories below and indicate which ones are important to you by placing a check mark next to them in the "Priority" column. Then, go through the list a second time, and in the column on the right, rank your chosen priorities from most to least important to you. This will help you make the best decision possible when comparing job offers.

| Priority | Category | Rank | Priority? | Category | Rank |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  | Salary |  |  | Benefits (discounts, memberships at gyms, etc.) |  |
|  | Position/title |  |  | Co-workers on LinkedIn |  |
|  | Responsibilities |  |  | Location |  |
|  | Hours |  |  | Distance from home |  |
|  | Overtime pay |  |  | Public transportation access |  |
|  | Paid days off |  |  | Parking Availability |  |
|  | Unpaid days off |  |  | Parking/transportation assistance |  |
|  | Mental Health Days |  |  | Moving Package |  |
|  | Work from Home |  |  | Dress code |  |
|  | Hybrid Schedule |  |  | Company perks |  |
|  | Flex Schedule |  |  | Tuition reimbursement |  |
|  | Paternity Leave |  |  | Company Values |  |
|  | Daycare center |  |  | Other: |  |
|  | Health insurance |  |  |  |  |
|  | Dental insurance |  |  |  |  |
|  | Vision insurance |  |  |  |  |
|  | Retirement plan |  |  |  |  |
|  | Life insurance |  |  |  |  |
|  | Disability insurance |  |  |  |  |
|  | Prestige |  |  |  |  |
|  | Potential for advancement |  |  |  |  |

Go to a job search website such as LinkedIn, Glassdoor, Indeed, or another site and find two jobs that seem appealing to you. Use the list you had completed before to understand what you would prefer. When assessing job offers, it is often helpful to list the pros and cons of each job.

| Job 1 |  |
| :--- | :--- |
| Company Name: |  |
| Position/title: |  |
| Pros for this job |  |
|  |  |
|  |  |
