The Hispanic Association of Colleges and Universities' Leadership Academy, La Academia de Liderazgo, is a one-year program to prepare the next generation of culturally diverse leaders for the ranks of executive and senior-level positions.

La Academia is designed to increase the number of talented individuals who will serve as presidents and chancellors of Hispanic-Serving Institutions (HSIs) and Emerging HSIs. Fellows selected for the program participate in an array of leadership development activities that prepare them for leadership roles in the full spectrum of institutions of higher learning, but with a special focus on HSIs and emerging HSIs.

La Academia is a direct response to the declining rate of Hispanic university presidents (from 4.5 percent in 2006 to 3.9 percent in 2016), despite the unprecedented growth of U.S. Hispanic college student enrollment. Soon, if not already, 1 in 5 college students will be Hispanic, yet it is unlikely that many will enroll in a college or university with a Hispanic president. HACU is committed to reversing this ten-year decline by implementing an innovative academy that sets itself apart from other leadership programs in the following ways:

• Fellows participate in three week-long seminars integrated with HACU’s highly regarded Annual Conference, Capitol Forum, and International Conference or experience.
• The curriculum emphasizes Hispanic-Serving Institutions (HSIs) and Emerging HSIs, but provides a holistic approach, including the search process, leadership fundamentals, current critical issues, and international relations.
• Hybrid content delivery with both in-person sessions and synchronous/asynchronous webinars allows a high degree of flexibility for busy work schedules.
• More than a dozen nationally recognized current and emeriti presidents and senior-level administrators with 100 plus years of combined experience serve on the faculty.
• Mentorship with a university president or senior administrator is a key component, as is the development of a special project designed to have an impact at the Fellow’s current institution.

La Academia will include three seminars and a series of webinars interspersed throughout a one-year period.

Seminar One: Foundational Seminar
October 5-October 11, 2022, San Diego, CA
This seminar is a week-long comprehensive experience that covers a wide-range of topics and concerns related to the many issues faced by today’s college and university leaders. It is part of HACU’s Annual Conference and sets the stage for future planned learning opportunities.

Webinar #2: Developing an Institutional Vision
November 16, 2022

Webinar #3: Fundraising and Resource Development
January 18, 2023

Webinar #4: Transitioning From One Leadership Role To Another
February 22, 2023

Webinar #5: Advocacy for Your Institution and for Hispanic Higher Education: Working with Members of Congress
March 22, 2023

Seminar Two: Advocacy and Placement Seminar
April 17-20, 2023, Washington, D.C.
This seminar is a four-day experience coordinated with the activities of the HACU Capitol Forum. Its focus is on advocacy, legislative initiatives and career path and job market dynamics for college and university CEOs.

Webinar #6: Presidential Success: The Power of Government and External Affairs
May 17, 2023

Seminar Three: International Seminar
Spring/Summer 2023
This seminar is a four-day experience either in coordination with HACU’s international conference, if it takes place, or its own standalone event. Its focus is on the issues and concerns with which international higher education institutions are having to contend, and it provides ample opportunity to network with international colleagues. The international seminar concludes with a special ceremony to recognize Fellows with a certificate of completion.

Possibility of Partial Financial Support for the Academia Experience
We are pleased to indicate that there will be the availability of partial financial support for a limited number of Academia applicants and nominees. We have received generous commitments from some donors who will be covering the program fee for a limited number of individuals up to $10,000. We also are actively working on securing other external sources of funds to help defray the cost of participating in La Academia de Liderazgo. The support that we may be able to provide to individual Fellows will be determined by how successful we are in securing external funds.
APPLICATION PROCESS

Deadline: March 25, 2022
Notification: April 29, 2022

Who Should Apply or be Nominated?
Fellows selected to participate in La Academia de Liderazgo are affiliated with an institution of higher learning, most likely but not exclusively a Hispanic-Serving Institution (HSI) or an Emerging HSI, and apply or are nominated to participate in the program. The individuals who apply or are nominated to participate in La Academia are deemed to benefit from a program of special experiences that will help to prepare them for executive leadership roles in higher education settings. Because more individuals may apply or be nominated than can be accommodated in any given year, a wait list will be created to replace selected individuals who ultimately may not be able to participate due to circumstances beyond their control. The wait list will also be used to select participants for subsequent programs if applicants still desire to be considered.

Nominations
Prospective Fellows must be nominated by the President or CEO of his or her own institution. By submitting a nomination, the institution agrees to provide the applicant with the necessary release time and support for participation in the program. La Academia de Liderazgo is for one academic year. Fellows must commit to participate in all of the scheduled seminars, meetings, and Mentor/Fellow activities.

Letters of Recommendation
Applications to La Academia require two letters of recommendation from a supervisor and/or colleague who can comment on the applicant’s talent, responsibilities and future leadership potential.

Application Requirements
Application Deadline: March 25, 2022
☐ A completed application.
☐ A current Curriculum Vitae.
☐ Two references who can provide letters of recommendation. References must be able to address the applicant’s leadership potential, skills and abilities as they relate to Presidential or senior-level positions in higher education.

Selection Process and Notification
A selection committee will review all submissions. Selected Fellows and any individuals placed on the wait list will be notified by April 29, 2022.

Program Costs
Program cost per Fellow is $10,000 for HACU member Institutions and $15,000 for non-HACU members. The program fee covers all program materials, HACU conference registrations and selected meals. Fellows are responsible for any additional costs associated with lodging and travel to and from the program activities, meals not covered by the program and incidentals. Nominations and registration at https://www.hacu.net/leadershipacademy.

Graduation
Fellows receive a certificate upon completion of the program.
