Increasing Latino Teacher Quantity and Quality

- By the numbers: More well prepared Latino teachers are critical to reaching Obama's college completion goals---
 - Over half the growth in the US population from 2000-2010 was among Hispanics (+43%)
 - By 2020 Latinos will make up 20% of the population;
 - Among youth, Latinos now constitute nearly $\frac{1}{4}$ of the population

“Unless we do a better job of educating Latino children today, we’re putting at risk this country’s economic success tomorrow”

Arturo Vargas
National Association of Latino Elected and Appointed Officials
The Washington Post, March 25, 2011

The Degree Attainment Gap

- AACTE is committed to helping close the Latino educational attainment gap...essential to meeting the President's college graduation goal by 2020
- If current racial/ethnic gaps remain, whites & Asian college attainment rates must double by 2020
- The gap will not close without closing the racial ethnic gaps in degree attainment
- AACTE strongly supports the DREAM Act

Minority/ International Enrollments Are Higher at the Graduate Level

- AACTE members report more diverse student bodies at the graduate level
 - Driven in-part by larger percentages of international students

Average Composition of Graduate SOE Enrollments – by Race/Ethnicity

Schools with a greater share of part-time enrollments are more likely to have a diverse student population (correlation at the $p < .01$ level).

AACTE POLICY & ADVOCACY ISSUES

- The Value of Master's Degrees—
 - Duncan and Gates, the economy, and equivocal research have combined to discredit the value of Education Master's programs
 - AACTE: determine those that add value, connect to student learning; close ineffective programs.
- The Meaning of 'Highly Qualified'—
 - AACTE has joined 70 civil rights, disability, parent, student and grassroots groups calling for repeal of a policy amendment slipped into appropriations language that allows teacher interns to be deemed 'highly qualified'
- Re-intro Dream Act

AACTE Federal Relations Issues

- Grassroots Action Network (GAN)
- AACTE is meeting with Members of Congress and the Administration re strong policies for educator prep in ESEA and Title II/HEA
- Higher Education Task Force on Teacher Preparation Principles for ESEA and Title II HEA Reauthorization

Notable Programs in Obama Administration FY 12 Budget

Teacher and Leader Pathways—\$250 million: Competitive grants to improve teacher and leader preparation. Consolidates several programs, including Teacher Quality Partnership Grants, Teach for America, and Teachers for a Competitive Tomorrow.

Augustus F. Hawkins Centers of Excellence—\$40 million: Authorized in HEA, but never funded, would expand and reform teacher education programs at minority-serving institutions.

Teacher Learning for the Future program—\$20 million: A new program to provide Research and Development awards to study what makes a great STEM teacher, and how to best train, support and retain highly effective STEM teachers.

Presidential Teaching Fellows— \$185 million: New program replacing TEACH Grants. Formula grants to States for scholarships up to \$10,000 to students in final year of preparation. 3-year commitment in a high-need school. Supports data to follow grads and performance assessments .14

New Administration Proposal Requires:

- Pell Grant Reductions
- Eliminate TEACH Grants

AACTE Priorities for ESEA Reauthorization

- Dedicated funding streams for clinical preparation and higher education/district partnerships --Hawkins Centers of Excellence
- Maintain TEACH Grants, providing financial incentives for entering the teaching profession
- Support for ELL and Special Education students
- Valid and reliable performance assessments are required
- Preparation programs have access to statewide data systems
- Level playing field for traditional and alternative providers
- Maintain Pell Funding**
