The Hispanic Association of Colleges and Universities is hosting a College and Career Fair. Open to the public. No registration required.

- Middle school, high school and college students are encouraged to attend.
- Come by to meet with local and national college and university representatives.
- Meet and network with nationwide employers offering internship and employment opportunities for college students.
- Attend informational workshops; tentative topics include:

Admissions 101 - Whether you are a high school student applying to college or a college student applying to graduate/professional school, come and learn about the top ten things that make a successful application.

Money, Money & More Money - Grants, Loans and Scholarships. Explore your options for paying for a college degree and searching for financial aid options.

Choosing the Right Career for You - Discover how job shadowing, volunteering, internships and other opportunities can introduce you to career opportunities and help you prepare for that future job.

Don't forget to bring your family!
